# SARA TITLE III CONSOLIDATED CHEMICAL LIST

PREPARED BY  
THE DEPARTMENT OF PUBLIC HEALTH  
APRIL 1988

SARA TITLE III CONSOLIDATED CHEMICAL LIST  
INCORPORATING THE MASSACHUSETTS SUBSTANCE LIST  
PREPARED BY THE DEPARTMENT OF PUBLIC HEALTH  
**DOCUMENTATION**

Attached is a Consolidated Chemical List of chemicals subject to reporting under Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986. Two versions of the list are provided. One is ordered by the Chemical Abstracts Service (CAS) number and the second is an alphabetical listing. The table below provides a detailed description of this report.

COLUMN	DESCRIPTION
CAS Number	<p>The <u>C</u>hemical <u>A</u>bstracts <u>S</u>ervice Number assigned to the substance.</p> <p>Note: - An asterick, "***", denotes a synonym. There are approximately 520 synonyms listed.</p> <p>- "N/A" indicates a generic group. There are 60 generic groups.</p>
TPQ	<p>The <u>T</u>hreshold <u>P</u>lanning <u>Q</u>uantity for extremely hazardous substances covered under SARA Section 302 Emergency Planning as published on the April 22, 1987 (52 FR 13378).</p> <p>Facilities with more than the established TPQ of these substances must notify the State Emergency Response Commission (SERC).</p>
RQ	<p>The <u>R</u>eportable <u>Q</u>uantity for substances covered under SARA Sections 302 Emergency Planning and 304 Emergency Notification. RQ's are listed for both extremely hazardous substances (52 FR 13378) and CERCLA hazardous substances (40 CFR Part 302, Table 302.4).</p> <p>NOTE: - If the RQ's from these Sections are different, both are listed in the format: "302 RQ"/"304 RQ"</p> <p>- A double asterick, "**", indicates an RQ does not apply since it is a generic group (50 FR 13456).</p> <p>Releases of these substances above the RQ, must be reported to the SERC, local planning committees and the National Response Center (CERCLA Section 103(a)).</p>
302	<p>An "X" in this column designates a SARA Section 302 Extremely Hazardous Substance as published on April 22, 1987 (52 FR 13378) and ammended on December 17, 1987 (52 FR 48073) and February 25, 1988 (53 FR 5574). These substances are also subject to SARA Section 304 Emergency Notification.</p> <p>There are 366 extremely hazardous substances.</p>

COLUMN	DESCRIPTION
304	<p>An "X" here designates CERCLA substances covered under SARA Section 304 (40 CFR Part 302, Table 302.4).</p> <p>There are 731 CERCLA Substances listed.</p>
313	<p>Substances regulated under SARA Section 313 Toxic Chemical Release Reporting are designated with an "X" as proposed on June 4, 1987 (52 FR 21152). These substances were identified chemicals of as concern by the States of New Jersey and Maryland.</p> <p>These chemicals are reported on an emissions inventory to inform government officials and the public about releases of toxic chemicals to the environment.</p> <p>There are 329 toxic chemical release substances listed.</p>
RCRA	<p>An "X" in this column indicates a Resource Conservation and Recovery Act (RCRA) Hazardous Waste from the P and U lists (40 CFR 261.33). This information is provided so companies may use data collected under RCRA provisions for Title III.</p> <p>There are 361 RCRA substances listed.</p>
MSL	<p>An "X" in this column indicates a "BASE LIST" substance regulated under SARA Sections 311 (Material Safety Data Sheet) and 312 (Emergency and Hazardous Chemical Inventory Forms). These substances are identical to those found on the Massachusetts Substance List (MSL).</p> <p><u>IMPORTANT: This is only a partial list of chemicals subject to requirements under SARA Sections 311 and 312.</u></p> <p>Usage of this base list is a minimum requirement for compliance with SARA Sections 311 and 312 in Massachusetts. Other substances subject to these requirements include those determined to be hazardous by the manufacturer in accordance with OSHA's Hazard Communication Standard (29 CFR 1910.1200). It is estimated that <u>over 50,000</u> chemicals are subject to these provisions.</p> <p>NOTE: - An "*" in this column indicates that one or more MSL substances are listed for this generic group.</p> <p>There are 1,931 MSL listed substances.</p>

Call the Department of Public Health, Right-to-Know Program at (617) 727-7035 for additional information regarding this list.
